Bible Quizzing Scoring Tips:

Correct :
1. 20 points for each correct answer with 2 or 3 teams jumping.
2. 10 points for each correct answer with only 1 team jumping.
3. An incorrect answer on a free question is an attempt, not an error.

Errors:
4. -10 points for the third team error and for every error there after.

Bonuses:
5. A +10 point bonus will be added to a team's total score when the third, fourth, and fifth quizzers have answered a 20 point question. A "+10" should be written in the team's running score row under the correct question #.
6. A +10 point bonus will be added to an individual's and team's score when a player answers four 20 point questions without an error. A "30" should be written in the individual's running score row under the correct question #.

Misc:
7. Negative scores are possible.
8. A team can never lose more than 10 points on a single error.
9. -10 points for the 2nd team foul and every 2nd thereafter. Write a "-10" in the team's running score.
10. -10 point for a second overuled contest or challenge.
11. Each team gets two 45 second time-outs per quiz.
